A WELCOME FROM THE SHORE ATHLETIC CLUB PRESIDENT

Welcome to the Shore Athletic Club’s signature event, The Asbury Park Sheehan Classic 5k. We hope you enjoy what our event has to offer: a flat 5k course with professional timing, a highly competitive field, distinctive awards, and the rich historical ambience of Asbury Park.

This year’s race is the result of a lot of hard work by our race directors and events committee. They work together with the City of Asbury Park, a staff of volunteers, first responders, Shore A.C. members and our partners from other clubs including the Jersey Shore Running Club, Freehold Area Running Club and more to make the event a great success. We are honored to be able to put on an event recognizing Dr. George Sheehan and his family each year.

THE STORY BEHIND THE ASBURY PARK SHEEHAN CLASSIC 5K

The Asbury Park Sheehan Classic was a merge between two classic events, the Asbury Park 5K and the Sheehan Classic, loved by the running community near and far. Dr. George Sheehan was born in Brooklyn in 1918. He was an outstanding track star at Manhattan College, became a cardiologist like his father and married a Jersey girl raising a dozen children together. Dr. Sheehan rediscovered his love for running after many years off. He became a superstar masters runner later in life breaking 5:00 minutes in the mile at the age of 50 years old.

He began writing a weekly column in the local paper. In short time, the running world was listening. This self-described loner from Red Bank, N.J. became one of the most sought out experts on health and fitness. He continued the column for twenty five years. Many of these years were served as the medical editor for Runner's World magazine. He wrote eight books and lectured around the world. "Listen to your body," was his slogan. "We are each an experiment of one." One critic referred to his talks as "the running community's equivalent of a Bruce Springsteen concert, though listening to him was more like taking off with John Coltrane on some improvised solo."

Dr. Sheehan was diagnosed with prostate cancer in 1986 and passed away just days before his 75th birthday. Dr. Sheehan had an immense impact on his family and friends. This event is small tribute to honor and remember Dr. George Sheehan and all his contributions to the running community!

"There will never be a day when we won't need dedication, discipline, energy, and the feeling that we can change things for the better. ~ Dr. George Sheehan
